

**BEFORE THE
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, D.C. 20554**

In the Matter of)	
)	
Section 68.4(a) of the Commission's Rules)	WT Docket No. 01-
	309	
Governing Hearing Aid-Compatible Telephones)	RM-8658

Supplement to Hearing Aid Compatibility Report

Farmers Cellular Telephone, Inc. ("Reporter"), a digital wireless service provider, pursuant to the Federal Communications Commission's ("Commission" or "FCC") *Order* in WT Docket No. 07-309, FCC 03-168, 29 CR 1299 (August 14, 2003), and as required by the Commission's November 23, 2007 *Memorandum Opinion and Order (MO&O)*, FCC 07-200, hereby files a supplemental report concerning the availability of digital phones for the hearing impaired.

The *MO&O*, ¶ 27, finds that Reporter "did not identify two compliant models that they are offering" It appears that the Commission overlooked information in Reporter's June 12, 2007 *Supplement to Hearing Aid Compatibility Report and Request for Extension of GSM-Based HAC Compliance Relief and Submission of Current Report Information*, ¶ 3, which reports that Reporter is distributing Sony Ericsson--W712a--PY7AF042011 and Sony Ericsson--Z712a--PY7AF042012. Each of those handsets are fully HAC compliant.

Because the Commission granted a three month extension of time within which to come into compliance with the HAC handset distribution requirement there does not appear to be a need to file a petition for reconsideration of the finding made in the *MO&O*, ¶27.

However, Reporter respectfully requests that the Commission find that Reporter was fully HAC compliant as of the June 6, 2007 date referenced in ¶ 2 of the June 12, 2007 *Supplemental Report* when it next visits this issue.¹

December 12, 2007

Respectfully Submitted,
Timothy E. Welch
Hill & Welch
